Great and Important Chemical Discovery.

CHEMICAL COMBINATION FOR THE VEGE TABLE KINGDOM TO REPEL DISEASES.

DR. GUYSOTT'S EXTRACT OF Yellow Dock and Sarsaparilla.

Yellow Dock and Sarsaparilla.

This chemical compound, with other vegetable productions, is one of the most important discoverles of the age. It is far superior to any simple sarsaparilla syrup that has ever been used. It has performed more than fifteen thousand cares since the discovery was made, which is only about twelve months. The controlling power over disease which this Syrup possesses, may be attributed to the fluct that it is composed purely of vegetable extracts, each article in it having a direct reference to some internal organ, consequently the whole system receives their beneficial influence, which occasions neither sickness nor pain in their operation, and can be taken at all times and under all circumstances without regard to diet or business, is certainly a desideration in the history of medicine. The object being to give the patient an opportunity, by the purchase of one bottle, to test its valuable medical properties, and the power it has over disease. It can be taken by the aged and the infant with equal efficacy. This is to certify that we, the undersigned, physicians of the city of New York, have in a great many cases prescribed Dr. Guysott's extract of yellow dock and sarsaparilla, and are fully assured that it has no equal among the varied syrups and sarsaparilla preparations that have ever been sold.

Montgomery, June 8, 1847.

Mr. Bennett: Dear sir, In this age of patent medicine excitement, it affords me great pleasure to see, among the innumerable sarsaparilla preparations, one compound that is likely to stand the test of time. Your syrap, combining as it does the two best roots now known, will most assurefly meet with universal approbation. For the last 15 years I have been in the habit of using, more or less, yellow dock root in syrup and ointment preparations in my practice, and have no hesitation in saying that it is the most valuable root now known.

rainable root now known.

I have been prescribing your extract since I first saw it, and it is equal to my expectation. Very respectfully yours,

H. T. R. SMITH, M. D. The most remarkable Female Medicine known The most remarkable Female Medicine known. Dr. Guysott's Compound Extract of Yellow Dock and Sarsaparilla, containing other vegetable productions that act upon the slender and delicate constitution of the female, with all the middees of an alternative, and still showing very plainly its valuable properties, in such diseases as incipient consumption, barrenness, lencorrhoea, or whites, obstructed or difficult menstruation, incontinence of urine, or involuntary discharge thereof, and for the general prostration of the system, no matter whether general prostration of the system, no matter whether the result of inherent cause or causes produced by irregularity, illness or accident. It is astonishing to see what invigorating effects it has upon the human frame. Persons, all weakness and lassitude before taking it, at once become strong, robust and full of under its influence. It immediately conenergy under its influence. It immediately confi-teracts the nervousness of the female, which is the great cause of barrenness. It will not be asked of me to exhibit certificates of cure performed in cases of so delicate a nature, but I can assure the afflictof wonderful cures, much beyond our own expectations. Several cases where familes have been without children, and after using a bottle or two of this invaluable medicine, have been blessed with healthy

I know not where to look for a more valuable set of books for a school library, or for a family of children, than the six bound volumes of Robert Merry's Museum. I have recently obtained a set for my children, and they find an inexhaustible source of annasement and instruction in perusing their varied contents. Their moral influence is decidedly good, and they contain much valuable information communicated in the most interesting manner. "spend \$50,000 per annum," to "sustain the credit of our article." Nor to flood the country with certificates of cures never performed, embelished with distorted pictures to frighten the simple and astonish the weak minded

We do not pretend that our medicine will raise the dead nor that it will cure diseases that are utterly incurable. But we do say "it is the best in the market," that it is compounded on scientific principles by a regularly educated physician-a man of close observation and long research, and that it is not a Patent, Impirical, or Quack medicine. We have certificates, enough to fill a volume, of extraordinary cures performed by its use, Recommendation, &c.

The following are some of the many diseases in which it proves eminently successful, viz: Diseases from Impure Blood, Organic or Functional, Dyspepsia, Liver complaints, and Fever and Ague, Secondary Syphilis, Rheumatism, Gout and Lumbago, Scrofula, Leprosy, Cancerous and mercurial diseases, Constitutions broken by Measles Small Pox, Fevers, &c., Prolapsus Uteri, Piles Ulcerations, Swellings and Biles, Salt Rheum, Erysipelas, Pimples and Blotches on the face, obstructions so fatal to young and delicate ladies, Nervousness and Bowel Complaints of Children from teething. THEE CHILDREN

Dr. Townshend: Dear Sir—I have the pleasure to inform you that three of my children have been cured of the Scroula by the use of your excellent medicine.—
They were afflicted very much with bad sores; have taken some four bottles; it took them away, for which I feel under deep obligation. Yours.&c.

MAGICAL PAIN EXTRACTOR.

On the wrapper they have the name of Henry Dalley printed. To recomm the falsehoods they circulate with their counterfet salve, would fill a volume. Besides it is too loathesome to dwell upon.

Gentle reader, a plain statement of facts will enable you to weevent further deception. Heretofose many of you, while you supposed you were purchasing Dalley's genuine Magleal Pain Extractor, have been buying a worthless counterfeit article. Dalley's Magical Pain Extractor, is we been buying a worthless counterfeit article. Dalley's Magical Pain Extractor is acknowledged by all druggists and dealers in medicines, and physicians, to be the best salve in the world. It is put up in tin boxes, folded in a label, and on the label he writes his name, H. Daller, with a pen in different colored ink from the label. The counterfeit lass Henry Dalley printed on the label. The counterfeit lass Henry Dalley printed on the label. The counterfeit lass Henry Dalley appears. Truth and tai ness ought to characterize all our transactions in this world, and the man who resorts to laselaced and deception to impose upon the public, ought to share as they surely will come out, poor in the beginning and poor in the end.

Citizens of Vermont; I offer you Dalley's genuine Magical Pain Extractor with his name written by him self with a pen on each box. This is the original gennine Pain Extractor, and is what the proprietors of Connell's Pain Extractor claim to exactly initiate.—Whether if does exactly initiate Dalley's or not I ennot say, but I never saw the first person yet, who gave Connell's the preference.

Now all I ask is fairness in the whole matter.

Dalley's Genuine Magical Pain Extractor is in the To Mothers and Married Ladies.

This extract of Sarsaparilla has been prepared in reference to female complaints. No female who has reason to suppose she is approaching that critical period. The turn of life, "should neglect to take it as it is a certain preventive for any of the numerous and horrible diseases to which females are subject at this time of life. This period may be delayed several years by using this medicine. Nor it is less valuable to those who are approaching womanhood, as it is calculated to assist unture by quickening the blood and invigorating the system. Indeed this medicine is invaluable for all of the delecate diseases to which women are subject.

It braces the whole system, renews permanently the natural energies—by removing the impurities of the body, not so far stimulating the system as to produce a subsequent relaxation, which is the case of most medicines taken for female weakness and disease.

GREAT FEMALE MEDICINE.

Dr. Townshend's Sarsayarilla is a sovereign & speedy cure for inciplent. Consumption. Barrenness Leucorr-hos, or Whites, obstructed or difficult menstruction. In-

hee, or Whites, obstructed or difficult menstruction. Incontinuance of Urine, or involuntary discharge thereof, and for the general prostration of the system—no
matter whether the result of inherent cause or causes,
produced by irregularity, illness or accident.

Nothing can be more surprising than its invigorating
effects on the human frame. Persons subject to weaknoss and lassitude, from taking it, at once become robust and full of energy under its influence. It immediately counteracts the nervelessness of the female
frame, which is the great couse of barrenness.

It will not be expected of us, in cases of so delicate a
nature, to exhibit certificates of cures performed, but
we can assure the afflicted, that hundreds of cases have
been reported to us. Several cases where families have
been without children, after using a few bottles of this
invaluable medicine, have been blest with a healthy
offspring. Now all I ask is fairness in the whole matter. Dalley's Genuine Magical Pain Extractor is in the hands of the following agents for sale in boxes. See that H. Dalley is written with a pen on the wrapper. bust and full of energy under its influence. It immediately counteracts the nervelessness of the female frame, which is the great couse of barrenness.
